Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>No enough background information about the study setting In method part: Method of data collection, sample size determination, inclusion criteria is not stated</p> <p><b>Data collection and analysis</b> (not enough)..... shall be stated separately</p> <p><b>Ethical consecrations: shall be stated explicitly</b> (“following the Declaration of Ethics Committee”: this is vague for the readers unless stated well)</p> <p>Step by step approval and provision of permission letter from concerned bodies till reached the participants.</p> <p>Management given for positive patients shall be stated</p> <p>The result writing shall be separated with independent subtitle based on the table number and figure rather mixing it together.</p> <p>You discussed more about work of others rather than comparing with them. Try to emphasis on the present work and then put your explanation.</p>	
<b>Minor</b> REVISION comments	<p><i>H. pylori: first it should be written as Helicobacter pylori and it has to be italized</i></p> <p>Introduction part</p> <p>2<sup>nd</sup> line: Helicobacter pylori (<b>H.P.</b>=not standard way of writing).... Associate and also 6<sup>th</sup> line</p> <p>Blood, stool samples: Blood and stool samples</p> <p>Discussion part: 2<sup>nd</sup> line, 4<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> "helicobacter pylori" correct as <i>H. pylori</i></p> <p>in contrast... In contrast</p> <p>Proposition, full stop, spelling errors are there</p> <p>No author contribution and conflict of interest declared!</p> <p>Data accessibility not stated</p> <p><b>Table name/lable shall answer the questions” what, when and where” and sometime the total sample size</b></p>	
<b>Optional/General</b> comments	<p>Title: Effect of H. pylori among Sudanese diabetic patients living in Khartoum state</p> <p>Proposed title: Effect of H. pylori among diabetic patients living in Khartoum state, Sudan</p>
