

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_83105
Title of the Manuscript:	Effect of varieties and graded levels of fertilizer on quality of niger under rainfed condition of Assam
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I accept that this article is publishable because it contains very important and original information, but there are minor modifications and rectifications that the author must make. it's mansion in the file	
Minor REVISION comments	The manuscript is good as well as the methods of study; This study Effect of varieties and graded levels of fertilizer on quality of niger under rainfed condition of Assam I prefer that the author adds the botanical name of the plant and the figure so as not to confuse it with other species	
Optional/General comments	Considering the climatic conditions which became very variable it is very important to direct our culture towards plants more adapted to these changes from where I courage all the research of this subject	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
