

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_84385
Title of the Manuscript:	Effect of varying levels of fertilizers and date of sowing on production and economic profitability of kharif maize (Zea mays L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	“...grown in all the seasons due to its photo-thermo insensitivity..” There are regions where there is one season only. You should add: <i>in India</i>. Maize is sensitive to cold and heat, and there are varieties sensitive to daylength. “Maize hybrid ‘Laxmi 333’ @ 20 kg/ha was sown by flat bed method...” Please explain the meaning of this sentence, if possible cite reference. The correlation coefficients values in table 3 seem to be too high.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	I recommend to publish it after these corrections.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
