PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	- The discussion part has limited explanation why there are significant differences among the rice genotypes. - It should be mentioned which components traits are important for the hybrid rice development. - It needs detailed and concise materials and methods. - The acronym in the table and footnote of the table should be consistent. - It needs a conclusion.	
Minor REVISION comments		
Optional/Gener	- Follow the format in making the manuscript based on the journal's guidelines. - Not consistent in citing a source/reference. - Some texts are highlighted with yellow color for corrections. The manuscript needs major revision and based on the comments.	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
