PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	It is hard to understand so many different fertilizers, maybe in a List or Table? Conclusions could be improved, described results obtained and its relevance and significance. There are 9 of the 18 references older than 10 years, maybe in the case of the classic books, there are new revised editions. The article is very summarized.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
