

Review Form 1.6

| | |
|--------------------------|--|
| Journal Name: | International Journal of Environment and Climate Change |
| Manuscript Number: | Ms_IJECC_85795 |
| Title of the Manuscript: | Role of nitrogen and spacing on growth and yield of summer Groundnut (Arachis hypogaea L.) |
| Type of the Article | |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | 1) Authors should further explain the scientific input on how nitrogen's presence affects plant growth. This information is lacking in the manuscript. 2) The conclusion should be more elaborate. The current conclusion is too short and too brief to draw out comprehensive research work findings. | |
| Minor REVISION comments | 1) Suggest renaming Chart 1: Treatment Details to Table 1: Treatment Details | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
