<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. Author has to explain what is 'Gothan'? Because, as this paper may circulated throughout the world the hidden meaning of the term may divert he concept understanding.</li><li>2. There is a contradiction in the sampling technique, author has selected three districts of Chhattisgarh and further gone through four gothans from each. Thus, a total of 12 gothans have been selected. And author has chosen only one self help group from each Gothans which comes a total of 12 self help groups. But, author has not reported that how many respondents have been chosen from each self help groups?. So, author need to report it as well.</li><li>3. Author has to explain what is model and non-model gothan?</li><li>4. Author need to given what are research problems? Gap? for the present study.</li><li>5. In the part of result and discussion, author has simplified the results only, but, I recommend to discuss the results with findings or observations.</li></ol>
