General guideline for Peer Review process:

This journal's peer review policy states that <u>NO</u> manuscript should be rejected only on the basis of '<u>lack of Novelty'</u>, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(https://www.journalijecc.com/index.php/IJECC/editorial-policy)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	 The introduction should be more informative. The organization of this manuscript could be added to the end of introduction. More informative on NDVI could be exposed in the text. Please refer to the review article "High-quality vegetation index product generation: A review of NDVI time series reconstruction techniques". The language should be checked. In the section of methodology, how to extract the "start of season" should be introduced. How about the accuracy of this work? 	
Minor REVISION comments	Some references missed the fundamental information, such as volume, number and page. Please check them very carefully.	
Optional/General comments		

PART 2:

		Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
