### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpr.com/index.php/IJPR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	On page 2, the authors mention “, dimorphic molds present in soil, air, various types of organic debris” but <i>Aspergillus</i> species are not dimorphic fungi, since they only present a mycelial phase and do not present the yeast phase. Please, correct this information.	
<b>Minor</b> REVISION comments	The manuscript contains multiple grammatical and typographical errors that need to be corrected. Some of these are marked in yellow. Please review the entire manuscript.	
<b>Optional/General</b> comments	The manuscript requires extensive English revision.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
