General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpr.com/index.php/IJPR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Please define “transversal” study in methods section and “telescope” under oxygen therapy in the results section.</p> <p>Organize the discussion section and make clear how the articles cited do or do not support your findings</p>	
Minor REVISION comments		
Optional/General comments	<p>Unless your database precludes it, please test whether there was a dose/response effect (positive or negative) of the medications given on outcomes (mortality). Consider cross-tabular analyses for possible co-factors (e.g., sex by different risk factors).</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
