PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The Manuscript may be accepted for publication with some minor revisions. Uniformity throughout the text with the names of bacteria place complete or abbreviated for example <i>Staphylococcus aureus</i> or <i>S. aureus</i> , as well as with all the names of bacteria. Review the authors' guide to bibliographic references. Of the rest of the article are small details, it is very interesting the article by the application of natural products against ATCC bacteria and locally isolated bacteria.	
Optional/General comments
