PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p style="text-align: center;"><u>REVIEW REPORT</u></p> <p>Title: Effect of nitrogen and phosphorus fertilizers on nutrient content and uptake of high quality protein maize (Zea mays L.) to under South Saurashtra agroclimatic zone of Gujarat.</p> <p># Title change / modification suggested.</p> <p>Abstract: Authors are advised to use numerical/statistical data in abstract, number of treatment combinations and experimental design etc. along with conclusion.</p> <p>Keywords: fine</p> <p>Introduction: First paragraph of the introduction requires suitable references.</p> <p>HQPM, QPM, ATP full name (description where ever applicable) should be mentioned in the first instance itself.</p> <p>It seems to me the authors are quite reluctant to use suitable references and fond of writing long paragraph.</p> <p>Materials and method: seems to acceptable.</p> <p>Data presented in table and figure can be accompanied with suitable letter cases (a,b etc.) to distinguishes the treatment effects.</p> <p>Results and discussion: Authors are required to elaborate discussion section with recent references along with a note describing how the farmer's community gets benefited from your findings.</p> <p>In my opinion, the authors are required to focus on the introduction, result and discussion section. The MS requires serious revision with suitable justifications.</p>	
Minor REVISION comments		
Optional/General comments
