

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_84872
Title of the Manuscript:	Effect of nitrogen-fixing plant growth-promoting bacteria on germination, seedling vigour and growth enhancement of rice cultivars
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory_REVISION comments	The manuscript still requires major readability. I suggest professional consulting to native speaker companies. Material and methods requires better quantitative information about the seeds evaluated.	
Minor REVISION comments	Avoid those columns indicating average values. See the suggestions attached to the manuscript. I recommend to the authors the elimination of weakness words in the text.	
Optional/General comments	The model of Anova, and the Table with the Anova analyses have to be part of the manuscript. These information are important to discriminate the cultivars.	

PART 2:

	<u>Reviewer's comment</u>	<u>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</u>
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
