

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_86133
Title of the Manuscript:	EFFECT OF SPACING AND PLANT GROWTH REGULATORS ON GROWTH AND YIELD OF FINGER MILLET (ELEUSINE CORACANA L.)
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In the conclusion section, the author should provide a concise summary of his findings and provide some remarks on possible future prospects. There should be a summary of how this study will benefit farmers and agriculture.	
Minor REVISION comments		
Optional/General comments	Recent references should be preferred in the introduction portion. The introduction part should be improved regarding the flow of content and should be a little bit more attractive. It is preferable to use proper heading and subheading numbers under materials and method Detailed ANOVA descriptions should be more preferable. Here, some figures or graphs related to the mean performance of different treatments are more preferable.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i><u>(If yes, Kindly please write down the ethical issues here in details)</u></i>
