

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_86358
Title of the Manuscript:	Pummelo: A potential underutilized nutraceutical crop for multiple health benefits
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	<p>1) When adding a unit to a number, we usually give a space after the number before inputting the unit. Example: 23 % not 23%.</p> <p>Please, look at the manuscript and effect the corrections. They have been highlighted in purple</p> <p>2) When citing a work that has more than two authors, we usually italicize it as "<i>et al</i>" Example: Abirami <i>et al.</i>, 2013 (the et al is italicized, and also has a full stop and a coma before the year of the research)</p> <p>Do effect the corrections in the manuscript; they are highlighted in purple as well</p>	
<u>Optional/General</u> comments	<p>The author has done a good job! The manuscript is well written and straight to the point. I would have recommended that it should be accepted as it is if not for the little corrections indicated above.</p> <p>The approach with which the paper was presented is commendable. Thank you for sharing this information with the pulic</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
