Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_88669
Title of the Manuscript:	Soil Test based Targeted yield equations for blackgram through Integrated Plant Nutrition System on Alfisol
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that <u>NO</u> manuscript should be rejected only on the basis of '<u>lack of Novelty'</u>, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(https://www.journalijpss.com/index.php/IJPSS/editorial-policy)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The reference style is wrong – a mixture of more than one. Please check with the journal which one is required. Since the lines and pages are not numbered, I cannot comment line per line. Please check the edited document that I will attach. The idea of giving the farmers a ready reckoning table (for any crop) is a brilliant idea. But I doubt if it will mean much without an indication of the cost increase in relation to the yield increase. I suggest adding some economic indicators to add a lot of value to this research.	
Minor REVISION comments		
Optional/General comments		

PART 2:

		Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write
		his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	
The more common records in the management
