

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_88686
Title of the Manuscript:	INTEGRATED EFFECT OF ORGANIC AND INORGANIC MANURING ON CROP YIELD AND SOIL NUTRIENT BALANCE IN THE ON-GOING CENTURY-OLD PERMANENT MANURIAL EXPERIMENT.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of **Jack of Novelty**, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This research is a good research that study integrated effect of organic and inorganic maturing on crop yield and soil nutrient balance in the on-going century-old permanent manorial experiment.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Continuous application of nitrogenous fertilizers alone and unfertilized control were markedly reduced the yields and nutrient imbalance. Therefore for proper nutrient supply and sustaining crop productivity integrated application of organic and inorganic manures are advisable in semi –arid Alfisol.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
