(<https://www.journalijr2h.com/index.php/IJR2H/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	<p>The author concluded that Highest prevalence of gestational induced diabetes mellitus was noted with O+ve blood group followed by A+ve and least prevalence was noted with blood group AB and, also 94% of the study population were Rhesus D positive. They have done the experimental part very nicely and executed. Moreover, they have to conduct some immunological study to prove their hypothesis.</p> <p>Minor comments: Few spelling mistakes were there and needs to be fixed.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
