General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijrrd.com/index.php/IJRRD/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The authors do not describe the selection criteria of the participants such as age, sex, if they have chronic degenerative diseases, and what type of sociodemographic data was considered for the study, as well as oral hygiene data, are not described. Likewise, it is necessary to establish why molecular techniques are not used to obtain the results of the Streptococcus subspecies.	
Optional/General comments
