General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The references need complete review to bring each to a minimum international standard.	
Minor REVISION comments	Abbreviations as underlined in the main text should be used only after the complete phrase has been used and this starts from the Introduction and not abstract. Some minor editing of the grammar is needed. Authors' names should be followed by "et al" in the main text.	
Optional/General comments	Red ink words or phrases are drawing attention to manuscript part(s) that needed revision. Yellow ink words or phrases should be deleted as they are not appropriately used. Other corrections have been made in the main text.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
