General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>It seems to me a very well structured manuscript, which demonstrate the exhaustive multidisciplinary field work carried out by authors over a long time of dedication to the discipline.</p> <p>What is IPI or STD? Write the clear meaning where it is used for the first time.</p> <p>Misspellings of the names of the parasite: It is "Strongyloides stercoralis" or "S. stercoraries", and it should be "Strongyloides stercoralis" (applies to the whole work) replace "helminths" for "helminthes"</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
