PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The title of the study should be remodified as a reviewed paper Abstract: No aim of the study and the missing link the study is to address. Poor introduction before the main body of study Poor numbering No description of our imaging modality for the diagnosis of the Kawasaki disease. The study should be structured as a review research with section of "discussion" to be more convincing that the study will take care of the missing link of other studies and knowledge.	
<u>Minor</u> REVISION comments	Check typographic errors and punctuations	
<u>Optional/General</u> comments	A good and detailed study for corrections	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
