PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments"	The resulting conclusion is too general like "Avoiding crowded places and maintaining a social distance of at least a meter is advisable. Face masking and high level of hygiene especially through cleaning hands and clothes……" The conclusion should be supported by the data and discussed inside the manuscript. The focus and objectives of the research need to be clarified. What is the main question addressed by the research? it is necessary to state what the research question is from the research, then prove it and give conclusion from your research.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
