PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The author presented clinical data from patients with COVID-19, however the analysis of the results did not demonstrate originality, without scientific relevance. Robust clinical evaluations such as tomography, MRI of the patients and respective technical analyses were not shown. The number of patients evaluated in this study represents a very small number, and no statistical analysis was used to demonstrate the significance of the results. The article has grammar errors.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
