

SDI Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_62864
Title of the Manuscript:	EFFECT OF NITROGEN AND POTASSIUM FERTIGATION SCHEDULES ON PLANT GROWTH PARAMETERS AND FERTILIZER USE EFFICIENCY OF SUNFLOWER
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Nothing	
Minor REVISION comments	Nothing	
Optional/General comments	<ul style="list-style-type: none"> - A good research idea. - Reaching the best fertilization program for sunflower plants with the irrigation system and the best way to apply the treatment to achieve the best standards for the crop, especially nitrogen and potassium, is an idea worth studying. - Recommendations based on the results discussed are clear and helpful. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
