Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>Abstract is extremely generalized</p> <p>It must have some of the things in a research article</p> <ol style="list-style-type: none">Brief introduction of subject (Presented)Study's main objectiveMethodsResults interpretationConcluding remarksRecommendation on the basis of findings <p>Introduction of the study is not pretty comprehensive</p> <ol style="list-style-type: none">The references used are not the recent ones as latest reference mentioned is of 2010...Introduction misses the core part (Areas of adoption and CA practices) that have been practised in other developed countries as referenceMost importantly Hypothesis and objectives are missing <p>I think the part of research article</p> <p>(Materials and Methods or Methodology)</p> <p>Must have to be included here as without hat part it is not possible for me to understand what the writers have done and how they are presenting the results</p> <p>Even there must not have to be only discussion part but there must be a results part with or separately from discussion</p>	
<u>Minor</u> REVISION comments	There are lot many editing mistakes. The placement of paragraphs, placement of tables, figures is needed to be formatted.	
<u>Optional/General</u> comments	The Paper is addressing a key issue regarding Arid to Semi-Arid climates and have unique novelty.	

PART 2:
