PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I extent my best wishes to the Author for carrying out research in isolation the lipase producing Fungi from soil. This work will definitely help the new researchers to carry out further research in studying the role of these Fungi in the ecosystem apart from their use in Industrial Sector.	
Minor REVISION comments Gonipath et al. (2005)	et al. Has to be in Italics	
Optional/General comments	The author has carried out an sincere effort in isolating Isolation, Identification and screening of Lipase Producing Fungi . The work is appreciable.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
