

Review Form 1.6

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_83945
Title of the Manuscript:	Microbiological profile and the antimicrobial susceptibility pattern in endotracheal tube tip culture/ endotracheal aspirates of mechanically ventilated patients at a tertiary care hospital in Kashmir valley: A cross sectional study.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract is very concise. It clearly states what the article is doing, what research is being performed and why it is so crucial to medicine.	
Minor REVISION comments	For the abstract, I would leave out all the excess information about the resistance of the antibiotics. Save that for the paper, not in the abstract.	
Optional/General comments	This is a very relevant paper that is good!	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
