Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The study carried out has scientific relevance, so I do not consider it to have major observations.	
Minor REVISION comments	Correct the title: is it PREVALANCE? or PREVALENCE I suggest removing Chart 2: Occupation wise distribution of healthcare workers, since this information is included in the tables. When abbreviations are used, only one abbreviation (personal protective equipment (PPE)) is required.	
Optional/General comments	I congratulate the authors for the concern of personnel related to hospital work, which allows them to provide alternatives for care and protection.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
