	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments		
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments	<p>It would have been very interesting to know if the subjects were selected from a non-clinical population - as an inclusion criterion. And also, for how long the married couples are married.</p> <p>I consider this study as a very interesting one considering the results and for future research: for clinical population (with anxiety or depression) or for the same subjects for how long the negative correlation between is maintained in time.</p>	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
