Review Form 1.6

Journal Name:	**Journal of Advances in Medicine and Medical Research**
Manuscript Number:	**Ms_JAMMR_86431**
Title of the Manuscript:	**Effects of dextrose versus corticosteroid injection guided by ultrasound in treatment of lateral epicondylitis**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Dear Autor,** **1- Abstract should be revised and detailed. VAS that took place in results should also be in methods too. Abstract should be written again.** **2- How was the sample size calculated?** **3- How was the randomization performed?** **4- What is your hypothesis? Primary outcome? Secondary outcome?** **5- Why did you choose 2 injection method ? we generally inject corticosteroid for one time but dextrose for 4-5 times. What was the interval between two injections?** **6- The results about age should be in results not in discussion? Results should be reorganized.** **7- Discussion should be totally revised and the topic should be discussed systematically, later contributions to science and limitations of the study should be given.** **8- Conclusion should be more detailed.**	
Minor REVISION comments	**9- The article needs English edition . Some structures of sentences were used several times and there are lots of speeling problems.**	
Optional/General comments	**Very valuable scientific finding but too much methodological and structural error.** **After majör revision the article could be evaluated for publication.**	

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
