PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The overall presentation is nice. However, there are some improvements are suggested: 1. Please add a line representing your specific methodology in your Abstract section 2. There are so many uncited statements in the introduction section 3. We didn't find a specific research question in the introduction section 4. Please add a flow chart in your methodology section 5. Please add a Photograph/schematic diagram in the Methodology Section 6. Please add standard deviation to validate statistically the data you provide in results section (Table 1,2, 3 and 4) 7. The discussion to explain the results are not enough, please add more. 8. The manuscript lacks of Graphical presentation. No graph has been presented based on the experimental data. Please at least 2 graphs based on the data obtained from the experimental work. Besides, explain these graphs in the text. 9. Please update all the citations with recent studies 10. Please polish the English language of the manuscript.
