PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	In the abstract each of the parts used written in the first line should be eliminated. It also should be rewritten indicating its properties but not indicating that is highly recommendable. This sentence in in the introduction does not tell anything. (Rate of digestion increased with the increase in mass of the digesting palm fruits while the efficiency of the oil palm fruit digester decreased with increase in mass of the digesting palm fruit in some cases).	
Minor REVISION comments	The bibliography of Cornish should have the year after the author name. Points are missing after the year in parenthesis in the bibliography are missing in some citations. The citation of Ganuri (April 2022) should not include the month. The citation starting with Khurmi is not within the text. In section *2.2.5. Determination of belts* tensions there is a pharathesis [16, 17] that is erroneous.	
Optional/General comments	Some small grammatical errors were found. It is recommended to add a Table with the results founds in each test.	

PART 2:
