PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Manuscript with relevant and interesting subject, that analyses a local but at the same time an international socioenvironmental problem with adequate data and results. The introduction, methodology and results are adequate, and they are properly presented and discussed. The conclusion is also adequate and open space for new researches *In my point of view the article needs an English revision and typing adjustments. I made some suggestions in the text and also to use the words human/humans instead of man/men. But it is just a suggestion.*	
Minor REVISION comments		
Optional/General comments
