PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The introduction is very brief and1 needs clarification and more definition of the properties of the materials used. 2-Previous studies are few and the mentioned studies need more clarification	
Minor REVISION comments	The sources are mostly old, and newer sources related to the research idea can be used	
Optional/General comments	It is better to focus and broadly explain the examination methods used in most researches, such as XRD/EDX/SEM	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
