

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_78087
Title of the Manuscript:	Green synthesis and antioxidant activity of silver nanoparticles synthesized using Ficus benghalensis
Type of the Article	Research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalipri.com/index.php/JPRI/editorial-policy>)

Review Form 1.6
PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The paper was reviewed and observed that some data are required for the full interpretation and discussion of the paper. The comments are given below. So the author may revise the paper accordingly.</p> <p>Comments</p> <ol style="list-style-type: none">Grammatical error and typographical error should be checked and modified.Which part of <i>Ficus benghalensis</i> was utilized for the synthesis is not mentioned anywhere.No FTIR study and no evidences for nanoparticle formation are provided.Provide UV-Visible spectra for various concentrations of biosynthesized AgNP's.In Fig 3, x-axis should be changed correctly. Either change the wavelength unit to Å or change the entire wavelength values to 200 to 700 nm.Why 2 peaks have appeared in the UV-Visible spectrum of biosynthesized AgNP's should be discussed.Reference number style and reference style should be properly modified according to the journal format.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
