Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The first paragraph of the abstract is unnecessary. The abstract should be succinct and built around the objectives of the study, methodology employed, data source and scope, variables employed, conclusion and recommendation. More and clear information should be given on the results. The abstract should be properly formatted into "single line spacing". Paragraphs in the whole study should be properly separated, no paragraph should be less than 8 lines.	
<u>Minor</u> REVISION comments	it is not a Master's thesis so the objectives and hypotheses must be included in the introduction	
<u>Optional/General</u> comments	COVID 19 is a disease that has paralyzed many countries both economically and socially. This paper is welcome in the sense that it shows the effects of this pandemic on society. However, the authors should focus on the form of the paper and adapt it to the criteria of the review.	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
