General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. Add reference for "The knowledge was relatively low for some items related to hand washing hand rubbing increased bacterial count after using warm air dryer and Paper towels has good ability to remove bacteria from hands" on page no 7 discussion.	
Optional/General comments	Study Procedure- Was form multilingual or single language? If single language, that is also one of the limitation that it may not include migrants and other people.	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
