PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors need to address some reference which seems missing (need to include). The authors may include some names of chronic disease patients who are morbid and vulnerable to covid-19. If possible a graph will be beautiful for presentation of chronic disease prevalence	
<u>Minor</u> REVISION comments	Some sentences need to be rewritten. Spelling correction required. Methods need to be explained more.	
<u>Optional/General</u> comments	Overall the manuscript is interesting and as covid-19 is still a big problem and major health concern. I appreciate the author's efforts to gather knowledge for COVID-19. This report can be published with minor corrections which I mentioned above.	

PART 2:
