

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_78652
Title of the Manuscript:	Analytical strategies for the detection and quantification of nano-formulated antibiotics: Updates and perspectives
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalipri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The review article is well written with appropriate contents. Uniform format has to be followed while mentioning the units. Spacing must be maintained in each and every paragraph. The bacteria name must be italicized. Spell check of antibiotic names must be carried out. The highlighted line (comments) in the manuscript needs to be verified and corrected.	
Optional/General comments	The detection and quantification techniques may be explained with additional particulars. There are many pros and cons available with each technique that can be taken into account along with important troubleshooting options while writing especially a review article. There are many electrochemical sensors, magnetic nanoparticle based biosensors are also used to detect antibiotics which were discussed in the literatures.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
