General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. There are numerous " Grammatical " mistakes, so, corrections and language editing are obligatory (Major).	
Minor REVISION comments	2. Please, the " Title " is inaccurate. It is more suitable to change the " Title " to " Frequency of Dydrogesterone Use in the Gynecological Outpatient Clinics" (Minor). 3. Unfortunately, the author (s) only focused his research on the frequency of dydrogesterone use neglecting the other issues such as interactions, mechanism of action, and side effects (Minor). 4. Please, modify the " Keywords " to be: "Dydrogesterone, outpatient clinic, progesterone, hormonal replacement, gynecology and obstetrics" (Minor). 5. Regarding, the " Exclusion criteria and inclusion criteria " in " Methodology ", Please, specify to the Gynecological outpatient clinics and inpatient department (Minor). 6. There are some " References " that were indexed but the indexing of the remaining " References " was neglected. Please, review and add the defective indexing (Minor). 7. The number of " References " is a little. Please, increase the number of " References " according to the Journal guidelines is recommended (Minor).	
Optional/General comments	-	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
