Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalipri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Abstract should be Revised and should be in single paragraph. SARS- COV2 should be written first in full before continuously using the acronym consistently. Keywords are many and should be within the journal guidelines. Introduction should be moved to a fresh page. Aim of the study should be expanded Objective(s) should more than one. Conclusion should be moved to fresh page. Bibliography should strictly follow the journal guidelines	
<u>Minor</u> REVISION comments	Typo-graphical errors and spelling errors should be corrected Tables and figures should be considered to aid better explanation and understanding	
<u>Optional/General</u> comments	The general idea is good, however organizational structure is lacking. The studies should have distinct organization with consideration of the journal guidelines	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
