| <u>Compulsory</u> REVISION comments | There are some parts of the document that are doubled up. For example, the following sentence. "Their main knowledge source is not trustful or adequate." I recommend that you delete these and have your document grammatically proofread. | |
| <u>Minor</u> REVISION comments | | |
| <u>Optional/General</u> comments | This is a study of an online survey of parents of children with type 1 diabetes regarding their knowledge of diabetes. Parental knowledge is necessary for the management of diabetes in children, and I think this paper, which points out the inadequacy of this knowledge, deserves to be published. | |
