

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_80064
Title of the Manuscript:	Protocol For Managing Antimicrobial Activity In The Patients With Maxillary Defect By Functionalization of Silicone Using Different Nanoparticles - A Randomized Control Trial
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<ol style="list-style-type: none"><li>1. Please describe your results clearly and detailed.</li><li>2. More literates are needed to support better discussion</li><li>3. The conclusion should be regarding nanoparticles for managing antimicrobial activity in the patients with maxillary defect, according to this manuscript.</li></ol>	
<b><u>Minor</u></b> REVISION comments	<ol style="list-style-type: none"><li>1. Recommend using multiple references in each paragraph.</li><li>2. Not written per point but made a narrative</li><li>3. Do not repeating the same word too much in 1 paragraph</li></ol> <p>For detail, you can see direct at manuscript.</p>	
<b><u>Optional/General</u></b> comments	<p>This is an interesting study but needs to present a better result and discussion.</p>	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
