	manuscript are unclear and hard to follow. So, consider rephrasing it so that the readers can understand it better. One of the important points noted in the manuscript is spelling mistakes. The manuscript contains an enormous number of spelling mistakes, inconsistent usage of words, etc. Further unauthorized usage of abbreviations was also noted in the manuscript. Furthermore, it is recommended to proofread the manuscript to avoid the spelling and grammatical errors in it	
<u>Optional/General</u> comments
