General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Although the manuscript is well done, some words not be written in properly English, I suggest the author revised it. The abstract not contain a description of the methodology, results and conclusion of the work, only a extensa background, I suggest to the authors reduce the background and include the other descriptions. The results not show any table or figure to explain the finds, in this type of work it is necessary. Please do the need corrections and show me again.	
<u>Minor</u> REVISION comments	Some words need a correction of the English.	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details) No there aren't.
