PART 1: Review Comments

	Reviewer’s comment	Author’s comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	<p>The subject of the article is extremely important for understanding the organic changes that occur after bariatric surgery.</p> <p>The authors present an interesting, albeit summarized, review of post-bariatric surgery changes.</p> <p>I understand that they should differentiate the changes according to the technique used.</p> <p>It is not clear whether the postoperative period can modify this initial picture, restoring the physiological functions of the intestinal segments.</p> <p>The references are a little outdated and other more current articles could reduce the doubts previously presented.</p>	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
