PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The study brings us important and interesting results about "Anti-diabetic & antioxidant activity OF Pterocarpus santalinus and Stevia herbal formulation". The data are very interesting. The design was adequate. However, The methods used are poorly described. The results are too descriptive, I recommend performing analysis of variance to compare the results obtained, by means of which they can support their stated objectives.</p> <p>In the Word document attached, I present more specific points that need to be clarified and/or changed.</p> <p>Based on the review, recommend a major review of the manuscript.</p>	
<u>Major</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
