General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>a. The continuous bibliographic indicators within the text should not be mentioned one by one, but by writing the first and last numbers. For example: instead of (3),(4),(5),(6),(7) written as (3-7)</p> <p>b. The figures have a very long caption. The captions of the figures should be reduced to the bare essentials and the development should be done in the results chapter</p> <p>c. The reference chapter must be uniform in font and configuration. For example, in No 24 reference not capitals and lowercase letters together.</p>	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

Review Form 1.6
