### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalipri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

|  | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| <b><u>Compulsory</u></b> REVISION comments | -Place and time of case is not indicated<br>-In discussion, it has been indicated that the cause of feta death to be COVID-19, I don't think there no direct evidence which confirm that.                                    |   |
| <b><u>Minor</u></b> REVISION comments      | -Expand abbreviation used Example TORCH<br>-include normal or reference value for Blood pressure, respiratory rate, and Pulse rate like that of Laboratory results.<br><br>-It is good if differential WBC count is included |   |
| <b><u>Optional/General</u></b> comments    |  |   |

### **PART 2:**

|  | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
